

## CONFIGURING GOLDFINGER MONITOR FOR IGT PRODIGI VU

1. Power on the machine and press the MENU button on the back of the monitor.
2. When the on-screen menu appears, press the green ENT button.

3. Move the highlighted text to Touch USB by pressing the blue DOWN ARROW, then press the green ENT button.

4. Touch the blue LEFT ARROW until IGT shows in the brackets, then press the green ENT button.
5. Press the red BACK button until the menu goes away.
